Colchester, Tollgate, Stane Retail Park

M&S store opening confirmed on Wednesday 7 September

Marks & Spencer have revealed on their Facebook page when its new Colchester store will be opening and put up a sign in the existing store.

Churchmanor Estates handed over the 80,000 sq ft unit to them on 6 April and it will have taken them four months to transform the shell in to the new store. There will be a food hall, clothing department, home and beauty and a new 136-seater M&S cafe. As well as offering a refreshed shopping experience for customers, the store's move has also created 120 new jobs.

A large recruitment scheme has been launched in partnership with local employability schemes, such as the Princes Trust and Hart Learning as well as the Colchester job centre to recruit new staff members. The store also marks a huge investment into Colchester with M&S saying that it is bringing a 'bigger than ever selection of products'.
